The content of Service and contractual structure and provisions may vary as shall be further provided in the Application. In certain instances, the aggregation of funds and/or remittance to the Merchant may be provided by Banks and APMP and not by Nuvei. Services and rights of use are provided strictly to the Merchant.

(i) Requesting Authorization for Transactions, processing and settling Transactions and remittance of funds;

(ii) Access to an online reporting and actions interface forming part of the Platform.

Changes in the Services which are made at Merchant’s request and the respective effect on fees (if any) shall be addressed separately.

2.4. Without derogating from any other right available to Servicer under this Agreement, Applicable Law or otherwise, it is agreed that Servicer has the right, in its sole discretion, to suspend processing in any jurisdiction at any time and for any period of time on the basis of risk management considerations or as required to remain in compliance with any Rules or Applicable Law.

2.5. The Merchant must ensure that its systems and the Transactions processed comply at all times with all reasonable technical, communications, implementation and integration requirements as is provided by Servicer from time to time. Such compliance is mandatory to Servicer’s ability to provide Services as described and Merchant should not make alterations to the Merchant’s systems which may affect integration with Servicer without first consulting with Servicer and properly testing the change.

2.6. Certain components of the Services may be provided by or rely on third parties (e.g. Card Brands, Acquirers, APMPs, internet service providers, Servicers, processing networks, money transfer systems, external databases etc.) and such Services are also subject to such third party’s performance, availability and terms and conditions and Servicer will not be responsible for the performance, availability or service levels (or lack thereof) of these third parties.

2.7. Documentation and Information.

2.7.1. Provision of Documentation and Information. The Merchant shall be entitled to use the Services after and for as long as it has satisfied certain Servicer verification, know-your-Merchant and risk based related requirements (“KYC Requirements”). KYC Requirements may be updated or supplemented from time to time and may vary between Services.

2.7.2. Changes in Documentation or Information. The Merchant undertakes to notify Nuvei promptly of any changes which may occur regarding any documentation and information it included in but not limited with respect to the Merchant’s business (goods and services, tradenames or URLs, geographical targets, Account details etc.), the Merchant’s location (physical address), equity or beneficial ownership and fixed place of business through which it conducts its business, its address, statutory andchartered status and to approve and confirmed by Servicer, as well as respect to the Merchant’s financial standing and ability to meet its obligations in this Agreement. 2.7.4. Essentiality of Cooperation. The Merchant acknowledges that Merchant’s meeting these provisions is essential to Servicer’s ability to provide Services and understands that Merchant’s failure to comply in a timely manner entitles Servicer to suspend the Merchant’s access to part or all of the Services with immediate effect. The Merchant acknowledges that funds may be withheld until such time as all the documentation that has been requested has been provided.

2.8. Disclaimer. The Merchant recognizes that Servicer provides Services on an “as-is” and “as available” basis. Except as expressly provided in this Agreement and to the extent permitted by Applicable Law, Servicer specifically and explicitly disclaims any and all warranties, whether express, implied, statutory or otherwise, including, without limitation: (1) warranties of merchantability, suitability, satisfactory quality, non-infringement, fitness for a particular purpose or use, or accuracy in relation to or arising out of or in connection to any information provided; or (2) any warranties of any nature relating to the Platform, Services or otherwise to Servicer’s performance. Servicer makes no warranties or representations about the accuracy or completeness of the information contained in the Platform. Services and products or that the respective Platform, Services and products will be uninterrupted, timely, secure, or error free or that defects in the operation or functionality will be corrected.

3. TRANSACTION SPECIFIC GUIDELINES

3.1. Honoring Cards. Merchant will accept all valid Cards when properly presented by Cardholders in payment for goods or services, subject to applicable Card Brand rules requiring Merchant to elect whether it will accept credit only, debit only or both debit and credit Cards. Merchant’s election (and not Servicer) is solely responsible for ensuring that it is permitted by Applicable Law and the Card Brand rules to impose a surcharge. Merchant may be required to provide notification to the Card Brands if it imposes a surcharge and hereby authorizes Servicer to provide such notification and furnish any necessary documentation, on Merchant’s behalf, to the Card Brands.

However, Merchant may not, by this term, be prevented from offering discounts to Cardholders for cash purchases. Merchant may not engage in a Transaction (other than a mail, internet, telephone order, or preauthorized sale to the extent permitted under this Agreement) without permission to charge the purchase to his or her credit account does not present the Card to permit Merchant to compare the signature on the Card to the Card’s signature on the Sales Draft and obtain an Imprint or otherwise use the physical Card to complete the Transaction.

3.2. Advertising. Merchant will prominently display the promotional materials provided by Servicer in the Merchant’s use of Marks and use of any Marks associated with a Card is limited to informing the public that the Card will be accepted at Merchant’s place(s) of business. Merchant’s use of promotional materials and Marks is subject to the Servicer’s direction. Merchant may use promotional materials and Marks only during the term of this Agreement and will immediately cease use and return any inventory to Servicer upon any termination of this Agreement. Merchant may not use any promotional materials or Marks associated with the Card Brands in any way which suggests or implies that the Merchant endorses or approves any services other than payment Card services. If relevant, Merchant is required to display UnionPay’s/Nuvei’s hotline number at Merchant’s place of business.

3.3. Card Acceptance. When accepting a Card, Merchant will follow the steps provided by Servicer for accepting Cards and will: (a) determine in good faith and to the best of its ability that the Card is valid on its face; (b) obtain Authorization from the Card Issuer; and (c) with regards to any request for Authorization or approval, Servicer shall have the right to examine these changes and determine whether such changes affect the Merchant’s ability to provide Services as described and understands that Merchant’s failure to comply in a timely manner entitles Servicer to suspend the Merchant’s access to part or all of the Services with immediate effect. The Merchant acknowledges that funds may be withheld until such time as all the documentation that has been requested has been provided.

3.4. Authorization. Merchant will obtain an Authorization for all Card sales. If Merchant cannot, for any reason, obtain an electronic Authorization through the use of a terminal, Merchant will request a Voice Authorization from Servicer’s designated authorization center and indicate the eligibility of the Merchant to have authorization by providing a signature from the customer, even if the Merchant is not the Card Issuer. Merchant will not obtain or attempt to obtain Authorization from Servicer’s authorization center unless Merchant submit to Servicer a Transaction for the authorized amount. Authorization for the Transaction is given. Merchant may not divide a single Transaction between two or more Sales Drafts on a single Card to avoid Authorization limits that may be set by the Card Issuer. The Merchant shall not use Sales Drafts (paper or electronic), for purposes outside of the scope of this Agreement, nor shall a third party not included in this Agreement be allowed to use them. Merchant acknowledges that an Authorization provides only that the Cardholder account has sufficient credit available to cover the amount of the current sale and that an Authorization is not a guarantee that the Transaction will not be declined. Servicer will not be liable for any loss or damage to the Merchant or the Cardholder’s identity. Merchant may not attempt to obtain an Authorization by successively decreasing the sale amount. Servicer may refuse to purchase or process any Sale Draft presented by Merchant: (a) unless a proper Authorization or approval code has been recorded on the Sales Draft; (b) if Servicer determines that the Sales Draft is or is likely to become uncollectible from the Cardholder to which the Transaction was otherwise charged; or (c) if Servicer has reason to believe that the Sales Draft will not be honored by the Card Issuer. Merchant will use, and may not circumvent, fraud identification tools requested by Servicer, including address verification service checks and CVV2/CVC2/CID processing, and acknowledges that the use of these tools may prevent Merchant from accepting certain Cards as payment. Merchant acknowledges that its use of fraud identification tools may not prevent fraudulent Card usage and agrees that any fraudulent Transaction may ultimately result in a Chargeback, for which Merchant retains full liability under this Agreement.

3.5. Retention and Retrieval of Cards. Merchant will use its best efforts, by reasonable and proper precautions, to discover a Control number when making a request for Authorization or if Merchant has reasonable grounds to believe the Card is counterfeit, fraudulent or stolen. Merchant’s obligations under this Section does
not authorize a breach of the peace or any injury to persons or property, and Merchant
will hold Servicer harmless from any claim arising from any injury to person or property
or other breach of the peace in connection with the retention or recovery of a Card.

3.6. Multiple Transaction Records; Partial Consideration. Merchant may not prepare
more than one Sales Draft for a single sale or for a single item but will include all items of
goods and services purchased in a Multiple Transaction except in circumstances as
provided in this Section 4 (Reserve Account). Unless approved by Servicer, this Agreement
does not contemplate regular acceptance of Cards for sales accepted by mail, internet or telephone
orders, Merchant warrants that it is a walk-in trade business, located in a retail business
place where the public is free to come in and out freely. The Merchant will ensure that the
Sales Drafts are completed in accordance with the Card Brands' rules and regulations (e.g.,
including but not limited to the requirements for the card imprinter). If, in the opinion of
Servicer, the merchant has not adhered to the Card Brands' rules and regulations, or
and Cardholder's signature, this Agreement will be immediately terminated and the value
of all Sales Drafts collected from the first day of processing may be charged back to
Merchant and all funds therefrom held as provided in Section 4.6 (Reserve Account).

3.7. Telephone Orders, Mail Orders, Internet, Preauthorized Orders and Installment Orders. Unless
Merchant has been approved by Servicer to accept mail, internet or telephone orders,
Merchant warrants that it is a walk-in trade business, located in a retail business
place where the public is free to come in and out freely. The Merchant will ensure that the
Sales Drafts are completed in accordance with the Card Brands' rules and regulations (e.g.,
including but not limited to the requirements for the card imprinter). If, in the opinion of
Servicer, the merchant has not adhered to the Card Brands' rules and regulations, or
and Cardholder's signature, this Agreement will be immediately terminated and the value
of all Sales Drafts collected from the first day of processing may be charged back to
Merchant and all funds therefrom held as provided in Section 4.6 (Reserve Account).

3.8. Lodging and Vehicle Rental Transactions. Merchant must estimate and obtain
Authorization for the amount of the Transaction based upon the Cardholder's intended
length of stay or rental. Additional Authorization must be obtained and recorded for charges
incurred prior to the estimated amount of the expected stay or rental. Additional Authorization
and conditions of any written preauthorization form, the Sales Draft amount for any
lodging or vehicle rental Transaction must include only that portion of the sale, including
any applicable taxes, excluding a bona fide merchandise charge. Merchant must deliver
the Sales Draft to the Cardholder at the time of sale, and Merchant may not include any consequential charges. Nothing
contained herein is intended to restrict Merchant from enforcing the terms and conditions of
its preauthorization form through means other than a Card Transaction.

3.9. Returns and Adjustments; Credit Vouchers. Merchant's policy for the exchange or return
of goods and the adjustment for services rendered shall be established in accordance
with operating regulations of the applicable Card brand regulations. Merchant
will disclose, if applicable, to a Cardholder before a Card sale is made, that if merchandise
is returned, merchant will: (a) refund the full amount, will issue a credit or refund,
(b) returned merchandise will only be exchanged for similar merchandise of comparable
value; (c) only a credit toward purchases will be given; or (d) special conditions or circumstances apply to the sale (e.g., late delivery, delivery charges, or other non-credit
terms). If Merchant does not make these disclosures, a full refund in the form of a credit
to the Cardholder's account must be given. Disclosures must be made on all copies of Sales
Drafts or invoices in letters approximately 1/4" high in close proximity to the space
provided for the Cardholder's signature or on an invoice issued at the time of the
sale or on an invoice being presented for the Cardholder's signature. Any change in
Merchant's return or cancellation policy must be submitted in writing to Servicer not less
than 30 days prior to the change. Servicer, at its option, may refuse any Sales Drafts
from a Merchant if the Service's final approval is that the authorizations are
subject to a revised return or cancellation policy of which Servicer has not been notified
as required herein.

3.10. Cash Payments. Merchant may not receive any payments from a Cardholder for charges
included in any Transaction resulting from the use of any Card nor receive any payment from
a Cardholder to prepare and present a Transaction for the purpose of affecting a
deposit. Merchant may deposit only a portion of the Sales Draft amount, and
shall not credit any sales slip containing Cardholder data, an
Authorization number, the sale amount and the letters "MO", "TO" or "PO", as
appropriate. Receiving an Authorization will not relieve the Merchant of liability for Charges
on any Transaction for which the Merchant did not obtain an Imprint or the
Cardholder's signature.

3.11. Cash Advances; Scrip Purchases. Merchant may not deposit any Transaction for the purpose
of obtaining or providing a cash advance either on Merchant's Card or the Card

in writing by the Cardholder, or as required by Applicable Law.

11.17. Data Accuracy. Merchant shall provide ISO with data necessary for the electronic funds transfer ("collection data") in the form and at the times prescribed by ISO and shall make periodic collection and updates necessary to cause the collection data to be current and accurate at all times. Merchant warrants to ISO that all data and entries delivered to ISO by Merchant will (a) be correct in form, (b) contain true and accurate information, (c) be fully authorized by its customer, and (d) be timely under the terms and provisions of this Agreement.

Merchant must review the invoices and inform ISO of any errors within 60 days of the date of the invoice. ISO will have no obligation to provide refunds for errors that the Merchant fails to report within such 60-day period.

11.21. Inconsistency. In the event of any inconsistency between the terms of this Part and any other terms and conditions of this Merchant Agreement, the provisions of this Part shall prevail.

11.22. Termination. The license to Gateway Services shall immediately terminate upon the earlier of: (i) termination of expiration of this Merchant Agreement; (ii) termination of the Gateway Services; or (iii) failure of Merchant to comply with any provisions of this Part. ISO may terminate Gateway Services for any reason with or without notice.

12. FOREIGN CURRENCY PROCESSING

12.1. Multi-Currency Processing Services (MCP). Multi-currency processing ("MCP") enables a Merchant to price its goods and services in various selected currencies (each an “Acceptance Currency”) and the Cardholder then decides to purchase the goods and services in the currency of his/her choice (e.g. Euro) ("MCP Transaction"). The Cardholder provides the card details at the point of sale and completes the Transaction in the chosen Acceptance Currency (e.g. Euro). The Transaction is authorized and submitted to the Card Brands for clearing and settlement in the chosen Acceptance Currency. However, the Merchant receives settlement of the MCP Transaction in US Dollars in the same way as it receives settlement of other Transactions under the Merchant Agreement.

12.2. Acceptance Currencies. It is the Merchant’s responsibility to set its prices in the various Acceptance Currencies. ISO can make available to the Merchant for download a daily currency exchange rate table. However, the Merchant can choose to set prices for its goods and services as it wishes, either by reference to such exchange rate table, or any other exchange rate source, or as localized pricing in a fixed amount in the Acceptance Currency. Merchant may convert the US Dollar amount to the applicable Card Brand’s in the selected Acceptance Currency. The MCP shall apply only to those Cards issued under the brands of Visa, Mastercard or such other Card Brands included within the MCP that are billed to the Cardholder in an Acceptance Currency.

12.3. Conversion of MCP Transaction. The conversion of the MCP Transaction from the Acceptance Currency to US Dollars is reflected based upon a daily exchange rate table produced for the conversion of transactions from the involved Acceptance Currency to US Dollars, which is obtainable from ISO. Upon authorization of a MCP Transaction, the Merchant shall be charged for the Foreign Cardholder’s MCP Transaction in the amount of the US Dollar amount into which that MCP Transaction will be converted to assist Merchants in reconciling their accounting. Merchant acknowledges that because of the fluctuation in currency exchange rates, localized pricing of goods and services in foreign Acceptance Currencies is likely to result in the Merchant receiving different amounts in US Dollars from day to day, which may be more or less than the typical US Dollar price of the Merchant’s goods or services. This risk is reduced if Merchant uses the daily exchange rate table made available by ISO.

12.4. Termination or suspension. ISO reserves the right to add, delete or suspend any Acceptance Currency to or from the MCP, as the case may be, at any time without notice to Merchant. Further, ISO may terminate or suspend MCP services for any reason upon notice to the Merchant.

12.5. MCP Service Requirements. Merchant shall comply with all reasonable instructions provided by ISO pertaining to Merchant’s participation in MCP. Without limiting the foregoing, Merchant agrees to comply with the following specific MCP requirements:

a) Disclosure of Foreign Currency Amount at Point of Sale: In order to comply with Card Brand rules, the Merchant agrees to disclose the Acceptance Currency for the Transaction in the correct Acceptance Currency chosen by the Cardholder and such amount must be preceded by the appropriate international currency symbol, or currency code for that Acceptance Currency.

b) Disclosure of Foreign Currency Amount on Receipt: In accordance with Card Brand rules, all MCP Transaction receipts must show the amount of the Transaction in the correct Acceptance Currency chosen by the Cardholder and such amount must be preceded by the appropriate international currency symbol, or currency code for that Acceptance Currency.

c) Timely Presentment of MCP Transactions: The Merchant must present all MCP Transactions for settlement to ISO within one day after authorization, in order to minimize the risk of loss attributable to movement in the currency exchange rates for the various Acceptance Currencies between the time that a Foreign Transaction is completed and the submission of the batch clearing and settlement files to ISO. For the avoidance of doubt, neither ISO nor any of its vendors bears responsibility for any foreign exchange loss attributable to an MCP Transaction processed using Merchant’s gateway.

d) Credits/Refunds: In the event that Merchant issues a credit, reflecting either the partial or complete return or reimbursement of a MCP Transaction, Merchant must pass credit in the Acceptance Currency. In determining the US Dollar amount of the credit to be deducted from the Merchant’s account, ISO shall use the MCP exchange rate applicable on the date of presentment of the credit or return transaction by Merchant. Due to the differences in the currency exchange rates applied to the underlying MCP Transaction and the related credit respectively, Merchant acknowledges that the final amount of the US Dollar credit will be less than the amount in the Acceptance Currency, and that it will be responsible for the full amount of the credit, as set forth in the Merchant Agreement.

e) Chargebacks: A Chargeback incurred in connection with a Foreign Transaction will be transmitted to ISO by the applicable Card Brand in the Acceptance Currency and converted by such Card Brand into US Dollars at the Card Brand’s designated foreign exchange rate. Due to the variances in currency exchange rates applied to the underlying MCP Transaction and the related credit respectively, Merchant acknowledges that the final amount of the US Dollar credit will be less than the amount in the Acceptance Currency, and that it will be responsible for the full amount of the Chargeback, as set forth in the Merchant Agreement.

f) Merchant Options: Merchant shall indicate which currencies it wishes to use as Acceptance Currencies by checking the applicable box in Schedule 1. Merchant can change options by written request to ISO not less than 30 days’ notice.

12.6. Dynamic Currency Conversion (DCC):

a) The Dynamic Currency Conversion enables certain of Merchant’s customers, whose Cards are denominated in certain currencies ("Program Currency") other than US Dollars ("Foreign Cardholders"), to present a Card at Merchant’s point-of-sale and to pay for a purchase in the currency of the Foreign Cardholder’s Card, based upon a rate of exchange determined by ISO, while Merchant receives settlement of the foreign transaction in US Dollars (collectively, a "Foreign Transaction").

b) Merchant acknowledges and agrees that a Foreign Transaction will be converted to the Program Currency in which the Card is denominated based upon an exchange rate in effect at the time of authorization for retail transactions and that the Foreign Transaction will, as converted, be cleared through the "Card Brands" in the currency in which the Card is denominated. The DCC program shall apply only to those Cards issued by Visa, Acceptance Currency for the US Dollars will be reflected on Card Brands included within the DCC program that are billed to the Foreign Cardholder in a Program Currency. Additionally, DCC may not apply to credit-return transactions, or certain Foreign Transactions that are reflected to ISO for authorization or otherwise authorized by Merchant via telephone. ISO reserves the right to add, delete or suspend the DCC program, as the case may be, at any time without notice to Merchant. Further, ISO may terminate
or suspend DCC services for any reason upon notice to the Merchant.

12.7. DCC Service Requirements. Merchant will comply with all reasonable instructions provided by ISO pertaining to Merchant’s participation in the DCC program. Without limiting the foregoing, Merchant agrees to comply with the following specific DCC requirements:

a) Program Disclosure: Merchant agrees to comply with all instructions and specifications applicable to DCC as provided by ISO from time to time. Without limiting the generality of the foregoing, Merchant shall follow DCC program procedures, as may be amended by ISO from time to time.

b) Foreign Cardholder Opt-In: Merchant shall provide Foreign Cardholders with the ability to “opt-in,” or consent to participate in DCC. In the event that a particular Foreign Cardholder elects not to opt-in, it is understood that ISO will process that Foreign Cardholder’s transaction in US Dollars. Merchant agrees to make such reasonable modifications as ISO may request to increase the likelihood of Foreign Cardholders opting into the DCC program. It is understood that any Foreign Transaction for which Merchant fails to provide a Foreign Cardholder with the opt-in procedure as described herein may be subject to a Chargeback as defined in the Agreement.

c) Timely Presentment of Foreign Transactions: Merchant acknowledges that the timely presentment of Foreign Transactions is necessary for participation in the DCC program. For the avoidance of doubt, Foreign Transactions must be presented within twenty-four (24) hours of the completion of the Foreign Transaction. Notwithstanding the foregoing, Foreign Transactions submitted by Merchants involved in the hotel, lodging and cruise industries must be submitted within twenty-four (24) hours of a Foreign Cardholder’s checkout from the Merchant’s establishment, failing which Merchant may be subject to additional charges.

d) Credits/Returns: Unless Merchant uses point-of-sale technology that is not capable of processing credit-returns in the Program Currency in the manner required by ISO, a credit-return to a Foreign Cardholder’s account, reflecting either the partial or complete return or reimbursement of a Foreign Transaction, will be converted to the Program Currency using the exchange rate applicable on the date of presentment of the credit by Merchant, and that credit, as converted, will be cleared through the applicable Card Brand in the Program Currency in which the Card is denominated, and if such support is not in place, then such credit or return transaction will be processed in US Dollars, subject always to applicable Card Brand rules.

e) Chargebacks: A Chargeback incurred in connection with a Foreign Transaction will be transmitted to ISO by the applicable Card Brand in the Program Currency and converted by such Card Brand into US Dollars at the Card Brand’s designated foreign exchange rate. Given the potential variances in exchange rates applied to the underlying Foreign Transaction and Chargeback, Merchant acknowledges that the original amount of the Chargeback will likely differ from the original settlement amount received by the Merchant for the Foreign Transaction in US Dollars. Notwithstanding anything herein to the contrary, Merchant acknowledges that it will be responsible for the full amount of the Chargeback under the terms of this Merchant Agreement.

f) Interchange cost: Merchant agrees that any increased interchange cost attributable to the increase in the price of the goods or services in US Dollars prior to its conversion by the applicable service fee shall be borne by Merchant.

12.8. Indemnification. Merchant agrees to indemnify ISO, the Card Brands, and other card sponsors against any and all claims, demands, losses, damages, liability, actions, costs, judgments, arbitral awards and expenses (including reasonable attorneys’ fees), to which ISO, the Card Brands and other card sponsors may be subjected arising in whole or in part from the Merchant Agreement by Merchant, or the Merchant’s or any third-party vendor, any breach of the Merchant Agreement by Merchant, or the Merchant’s or any third-party vendor’s violation of Applicable Law or Card Brand operating regulations, or any return of goods, price adjustment or other dispute with or claim by a Cardholder against Merchant (whether or not such Foreign Cardholder’s claim is valid), including, but not limited to, claims or losses of any Cardholder or of any third party. Without limiting the generality of the foregoing or any other provision in this Merchant Agreement, Merchant agrees to be solely responsible for its actions in honoring or refusing to honor Cards and in retaining Cards in accordance with Card Brand merchant operating procedures; and Merchant will indemnify, defend and hold the Card Brands, ISO, and other members of the Card Brands harmless from any claim, loss or liability arising from any injury to persons, property or reputation which occurs as a result thereof.

(a) process the personal data only on the Merchant’s written instructions, for compliance with legal obligations to which Nuvei is subject (in which case it shall, if permitted by such law, promptly notify the Merchant of that requirement before processing), and where processing is necessary for the purposes of the legitimate interests pursued by Nuvei including the prevention of fraud and the maintenance of information security (except where such interests are overridden by the interests or fundamental rights and freedoms of the data subject which require protection of personal data, or where the data subject is a child);
(b) ensure that it has in place appropriate technical and organizational measures to protect against unauthorized, unlawful or accidental processing, including accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to personal data, such measures in each case to be appropriate to the likelihood and severity of harm to data subjects that might result from the unauthorized, unlawful or accidental processing, having regard to the state of technological development and the cost of implementing any measures.
(c) ensure that persons engaged in the processing of personal data are bound by appropriate confidentiality obligations;
(d) keep a record of the processing it carries out, and ensure the same is accurate;
(e) comply with any lawful request from the Merchant requesting access to, copies of, or the amendment, transfer or deletion of the Personal Data to the extent the same is necessary to allow the Merchant to fulfil its own obligations under the Data Protection Law, including the Merchant’s obligations arising in respect of a request from a data subject;
(f) notify the Merchant, except if otherwise prohibited by other applicable laws or regulation, if it receives any complaint, notice or communication (whether from a data subject, competent supervisory authority or otherwise) relating to the processing, the personal data or to either party’s compliance with the Data Protection Law as it or they relate to this Agreement, and provide the Merchant with reasonable co-operation, information and other assistance in relation to any such complaint, notice or communication;
(g) notify the Merchant if, in its opinion, an instruction from the Merchant infringes any Data Protection Law (provided always that the Merchant acknowledges that it remains solely responsible for obtaining independent legal advice regarding the legality of its instructions) or Nuvei is subject to legal requirements that would make it unlawful or otherwise impossible for Nuvei to act according to the Merchant’s instructions or to comply with Data Protection Law.

(h) ensure in each case that prior to the processing of any personal data by any sub-processor, terms equivalent to the terms set out in this Data Protection Schedule are included in a written contract between Nuvei and any sub-processor engaged in the processing of the personal data;
(i) subject always to the requirement of sub-clause 3.7(h) regarding a written contract, the Merchant hereby gives its prior written authorization to the appointment by Nuvei of each of the sub-processors or categories of sub-processors (as the case may be) who will process personal data listed in Part 2 of the Appendix to this Data Protection Schedule, and to the extent this authorization is in respect of a category of sub-processors, Nuvei shall inform the Merchant of any intended changes concerning the addition or replacement of other categories of sub-processors.
(j) For personal data collected in regards to European Union, only transfer the personal data outside of the European Union (including to the UK if it ceases to be a member of the European Union) if it has fulfilled one of the following conditions:

(i) the Personal Data is transferred to a country approved by the European Commission as providing an adequate level of protection for Personal Data,
(ii) the transfer is made pursuant to European Commission-approved standard contractual clauses for the transfer of Personal Data
or other appropriate legal data transfer mechanisms are used.

The transfer of personal data may take place worldwide subject to the aforementioned arrangements. If the legal means by which adequate protection for the transfer is achieved ceases to be valid, Nuvei will work with the Merchant to put in place an alternative solution. The Merchant acknowledges that Nuvei may disclose the data to any applicable Acquirer, APMP, Card Scheme and their respective sub-processors, including sub-processors located outside the EEA and such other entities to which it may be reasonably necessary to disclose and transfer personal data including the competent regulatory authority, law enforcement authorities and anti-terrorism or organized crime agencies to whom it is necessary to disclose data.

(k) inform the Merchant (or any third party) if it receives a request from a data subject for access to that person’s personal data and shall:

(i) promptly provide the Merchant with reasonable co-operation and assistance in relation to such request;
and
(ii) not disclose the personal data to any data subject (or to any third party) other than at the request of the Merchant or as otherwise required under this Agreement;

(m) provide reasonable assistance to the Merchant in responding to requests from data subjects and in assisting the Merchant to comply with its obligations under Data Protection Law in respect to security, breach notifications, data protection impact assessments and consultations with supervisory authorities or regulators;

(n) subject to the requirements of commercial and client confidentiality, make available to the Merchant such information as is reasonably required to demonstrate compliance with this Data Protection Schedule and, subject to any other conditions set out in this Agreement regarding audit, allow for and contribute to audits, including inspections, of compliance with this Data Protection Schedule conducted by the Merchant or a professional independent auditor engaged by the Merchant. The following requirements apply to any audit:

(i) the Merchant must give a minimum sixty (60) days’ notice of its intention to audit;
(ii) the Merchant may exercise the right to audit no more than once in any calendar year;
(iii) commencement of the audit shall be subject to agreement with Nuvei of a scope of work for the audit at least ten (10) days in advance;
(iv) Nuvei may restrict access to certain parts of its facilities and certain records where such restriction is necessary for commercial and/or client confidentiality;
(v) the audit shall not include penetration testing, vulnerability scanning, or other security tests;
(vi) the right to audit does not include the right to inspect, copy or otherwise remove any records, other than those that relate specifically and exclusively to the Merchant;

(vii) any independent auditor will be required to sign such non-disclosure agreement as is reasonably required by Nuvei prior to the audit; and
(viii) the Merchant shall compensate Nuvei for its reasonable costs (including for the time of its personnel, other than the client relationship manager) incurred in supporting any audit.
